National University Virtual High School  
660 Bay Boulevard, Suite 110B  
Chula Vista, California 91910-5200

Dear Administrator:

Congratulations! National University Virtual High School has been awarded accreditation by the North Central Association Commission on Accreditation and School Improvement (NCA CASI), the Northwest Accreditation Commission (NWAC) and the Southern Association of Colleges and Schools Commission on Accreditation and School Improvement (SACS CASI), the regional accrediting agencies that span the AdvancED global network. This action was taken at the AdvancED® Accreditation Commission meeting held on June 20, 2017. A certificate that indicates the term of your accreditation is enclosed. Throughout this term of accreditation, National University Virtual High School must continue to engage in the tasks required of all institutions to maintain accredited status as outlined in the *AdvancED Accreditation Policies and Procedures* available on our website at [www.advanc-ed.org/services/policies-and-procedures](http://www.advanc-ed.org/services/policies-and-procedures). Your efforts and associated accreditation signify your commitment to educational excellence. You can take pride in your achievement and so can your community.

As part of your External Review report, you received an Index of Education Quality™ (IEQ™) score. The IEQ provides a holistic measure of your institution's overall performance on indicators and evaluative criteria used in the accreditation protocol. As a formative tool for improvement, it pinpoints areas of success as well as areas in need of support and/or focus.

In the past, accreditation reviews resulted in a recommended accreditation status. Labels such as accredited, advised, warned or on probation were used to describe the status of an institution relative to a set of static standards. These labels, with the exception of accredited, were oftentimes perceived as punitive in nature and not as a formative measure by which a school or school system could improve. Given that the most critical aspect of an institution's work is optimizing student learning, the new IEQ framework recognizes and supports the journey of continuous improvement. Your institution's initial IEQ is the starting point for that improvement. Using the IEQ, you have the opportunity to focus your attention, activities and actions resulting in positive impact and measurable improvement designed to optimize learning for every student. As your institution documents these changes and submits them for review, your IEQ scores are updated to reflect this progress and guide the next steps on your improvement journey. To learn more about the IEQ, please visit [www.advanc-ed.org/services/overview-index-education-quality](http://www.advanc-ed.org/services/overview-index-education-quality).

The Accreditation Commission, using information from your External Review Report and recommendations from the AdvancED managing office and Council, has placed your institution under review. As a result, AdvancED will be providing additional assistance as you plan and act on the Required Actions from the External Review. You will be required to submit an Accreditation Progress Report and host an on-site Accreditation Progress Review. You will be receiving additional information regarding the review process. As an institution with a status of Accredited Under Review, you remain fully accredited and are encouraged to take advantage of all the services and support AdvancED provides. Your local/managing office is available to assist you in your efforts towards continuous improvement.

As an accredited institution, you are part of the AdvancED network of over 34,000 schools and systems in more than 70 countries that are committed to continuous improvement through accreditation. Through our state, national and international offices, AdvancED offers a wide range of services including workshops, conferences, web-based resources, publications, surveys and technical assistance.
